Ridwanullah Yousuf

Director Of Software Development at Hear Us Project Inc. NFP |
Project Manager of Software Development | WebMaster | Teacher |
SQA
Dhaka

Summary

Aim to work in a challenging work environment where I can utilize
my expertise in resolving the problems in some particular area's
which I already experienced and advocate my analytical skills
towards the growth of the organization. I am always trying to help my
organization because this one my second family. And obviously, try
to find out new opportunities and share my experiences.

I am always ready to learn something although I do not always like
being taught. I already worked in many area's like as a Software Test
Engineer, Web Application Design & Development Trainer, Software
Developer, Project Coordinator(Few months), Project Manager, and
recent work in the Software Development Director field because I like
to learn and gathering knowledge in different area's which is help me
in my career.

As a Project Manager and Project coordinator, I had driven a team
which is incredible. I have taught SDLC most of the phases for that
reason here I develop my capacity to drive a team.

Always Thankful my parents, wife, friends, colleague's who is inspire
me to develop myself.
